

# PROJECT-BASED LEARNING VIRTUAL WORKSHOP MAY 11, 2023 3 PM ET

In the workshop, the panelists will briefly summarize the lessons they have learned from mentoring and supervising open-ended data science work and will provide suggestions for those interested in engaging in similar work. Resources related to undergraduate research will be provided and there will be plenty of time for questions.

## Our awesome panelists:

**Nick Horton**

**Emily Griffith**

**Mark Daniel  
Ward**
