

# **Preparing Underrepresented and First-Generation Students for Careers in Biomedical Big Data Science**

Dr. Judith E. Canner  
Associate Professor of Statistics  
Mathematics and Statistics Department

California State University  
**MONTEREY BAY**

# Cal State, Monterey Bay

- Four-year public university
- Monterey County, California
- ~7100 students
  - Hispanic Serving Institution (42%)
  - 63% Women, 37% Men
  - 53% First-Generation
  - 36% Low-Income
  - 50% Under-Represented Minorities

California State University  
**MONTEREY BAY**

# Barriers to Diversity in Data Science

- Exposure
  - What is Data Science?
- Preparation
  - Professional Development
  - Courses and Programs
- Access to Resources
  - Research Experiences
  - Training

# Curriculum Development

- Data Science Concentration (Computer Science B.S.)
- Bioinformatics Concentration (Biology B.S.)
  - Fall 2019
- Statistics Concentration (Mathematics B.S.)
  - Statistics B.S. (Fall 2019)
- Statistics Minor

# Interdisciplinary Future

- Integrated Pathways
  - Data Science in the Lower Division
    - Community Colleges aka “Feeder” Schools
  - Data Science Minor
  - Joint Capstone Projects
- General Education
  - Data Literacy
  - Data Visualization

# Faculty Development

- If Faculty are not trained, they cannot train students
- Training opportunities in data science skills
  - Software Carpentry Workshops
  - Data Carpentry Workshops
  - Summer Institutes, University of Washington
- Research collaborations with research institutions and labs

# Student Research

- Partnership with UC, Santa Cruz *Center for Big Data in Translational Genomics*
  - 8 weeks of summer research at UCSC
- Mentoring
- Professional Development
  - Writing Workshops
- Conference Presentations
  - SACNAS, CSUPERB

# What's Next

- Continue collaboration with UCSC
  - Support student AND faculty research
- Build new relationships
  - Research institutions
  - National labs
- Strategic Plan for Data Science Programs
  - Psychology and Health Sciences
- Keep Focus on Student Success

# Thank you!

## National Institutes of Health

*Funding for the BD2K Biomedical Data Science program at CSUMB is supported by the Office Of The Director (OD) of the National Institutes of Health under grant number R25MD010391. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institutes of Health.*
